INFORMATION DISCLOSURE STATEMENT

Sir:

The applicant hereby submits an Information Disclosure Statement in accordance with 37

C.F.R. §§ 1.56, 1.97 and 1.98, for his invention of a "SYSTEM AND METHOD FOR

EFFICIENTLY ACCESSING NETWORK ADDRESSES FROM A WIRELESS DEVICE."

Attached hereto is a Form PTO-A820 listing twenty (20) United States patents, and two (2) articles.

Copies of the information in these patents are also enclosed. We attempted, unsuccessfully, to

locate copies of the articles. The applicant submits that none of the enclosed patents or articles

render his claims unpatentable; however, they are provided for the Examiner's consideration.

In particular, the current invention differs from all of the disclosed references in that none

of the references disclose Applicant's system and method for accessing affiliated address sites

::ODMA\PCDOCS\DOCSBHM\893286\1

including the elements of an input output subsystem, a subject processor, a network address sub-processor, and memory subsystems for retaining information pertinent to the prior elements. Other differences exist as well.

Applicant makes no representation that a search has been made or, if made, was complete, or that no more pertinent art than that listed is available. It is expected that the Patent and Trademark Office will conduct an independent search for relevant references.

Respectfully submitted,
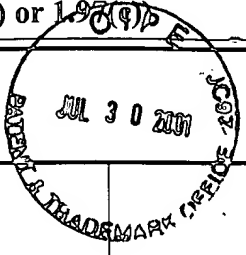

SIROTE & PERMUTT, P.C.
